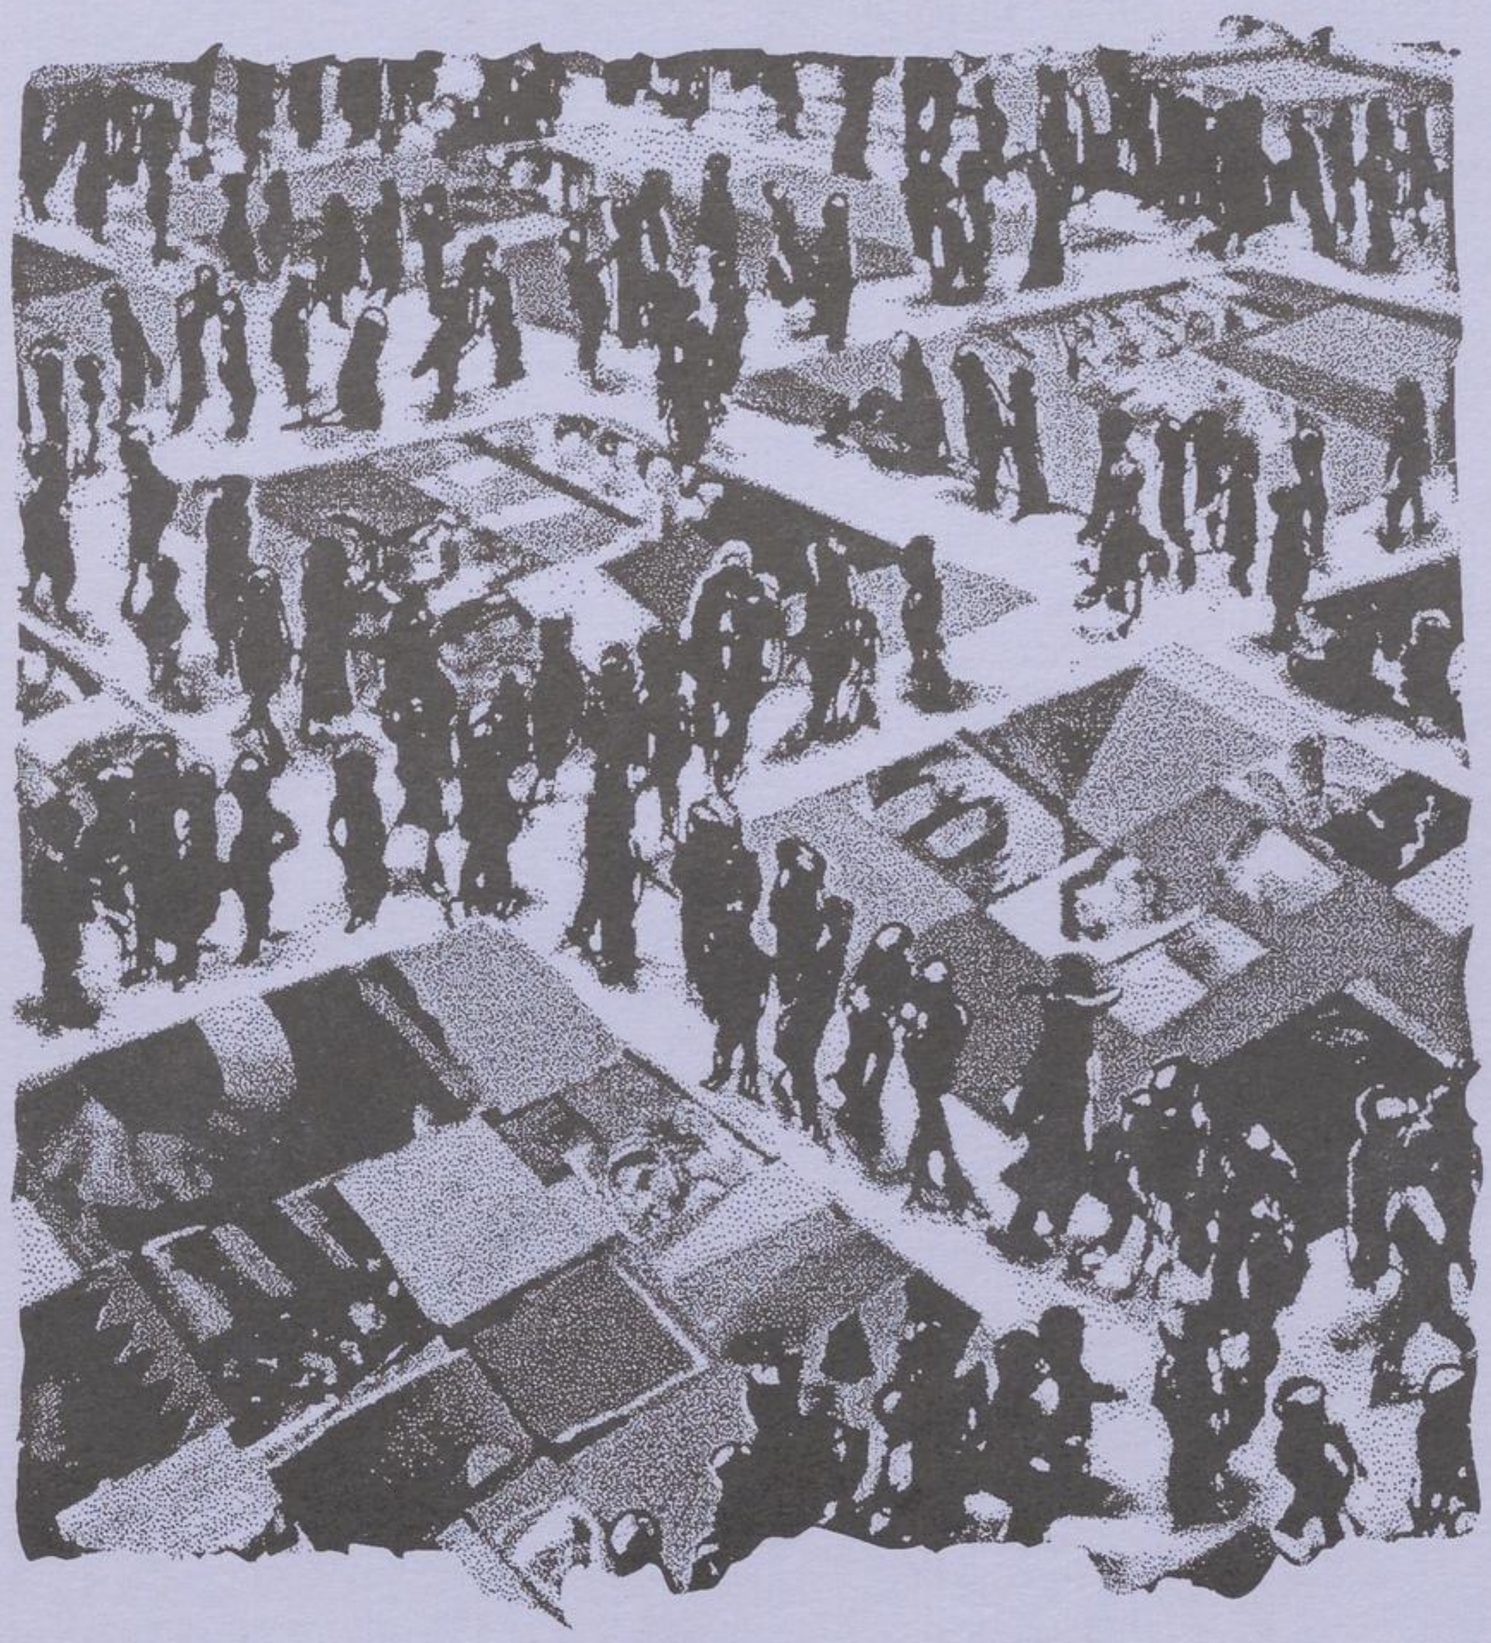
AIDS MEMORIAL QUILT
An International Memorial



LIST OF NAMES
1992-1993

As of
July 15, 1992

This booklet contains the complete list of names included in the NAMES Project AIDS Memorial Quilt as of July 15, 1992. The four-digit number next to each name indicates the 12' x 12' block in which the panel is grouped. You may use this number to help you locate a panel in a Quilt display.

In the few short months prior to the July 15, 1992 cut-off date for panels to be included in the October, 1992 International Display, the Quilt grew by over 4,000 panels—a 25% increase. Our volunteers worked day and night, around the clock, inputting the data for the finished product you now hold in your hands.

We have made every possible attempt to insure that the names in this list were recorded correctly (the List of Names reflects only the name(s) shown on the actual panel). We apologize for any errors which may have occurred and ask for your patience, understanding and assistance in helping us correct them.

If you cannot locate a panel you know was submitted by our July 15 cut-off date, or if you find an error in this list, please go to one of the Information tables located around the perimeter of the display. A volunteer will be happy to assist you.

We appreciate your continued support.

The NAMES Project Mission Statement

- To illustrate the enormity of the AIDS epidemic—and the need for an immediate and compassionate response—by revealing the names and lives behind the statistics.
- To provide a positive and creative means of expression for those whose lives have been touched by the AIDS epidemic.
- To support the raising of vital funds and encourage support for people living with HIV/AIDS and their loved ones.

Contributions to the NAMES Project Foundation enable us to continue displaying the Quilt at no cost to visitors. Donations received at Quilt displays around the world support the work of local agencies providing services to people with HIV/AIDS.

The NAMES Project Foundation is a non-profit, tax-exempt organization.
